The trends in education transformation are shifting fast. But when you partner with Lenovo and Microsoft, we help you get prepared.

Take advantage of our comprehensive portfolio of education solutions to drive a tailored transformation that meets the needs of your learning and workplace experiences. From reliable devices to services that free up your teams for what matters most, we help you streamline your processes and get the most out of your time and budget – without compromising on security. Improve student focus with a simpler user experience, including centered Start, clean layout, and easy navigation.

70%

of K-12 schools will be utilizing a product built upon or enhanced by AI by 2028<sup>1</sup>

18%

of students said their top frustration with online learning was “getting the technology to work”<sup>2</sup>

23%

of HED online learners want to learn at a pace that suits them<sup>3</sup>

## Smarter transforms learning to inspire the future

Enabling a student-centered, borderless campus is easy with Lenovo. Discover our unmatched ecosystem of trusted, end-to-end solutions that work together seamlessly to help you create secure, productive experiences that cater to the individual needs of students, educators and staff.

Download solution guide

## Hybrid Learning

Transform any classroom or lecture hall into connected spaces for collaborative learning with our hybrid classroom ecosystem:

- Innovative hardware including Lenovo ThinkSmart solutions
- User-friendly software to improve classroom management such as Lenovo LanSchool
- Multilayered security by Lenovo ThinkShield to protect students and their data

Enable engaged learning from anywhere

## Lenovo Choose Your Own Device (CYOD)

Equip students with the latest devices while reducing the total cost of ownership and IT workloads for your school:

- Flexibility allows you to easily support learners with diverse needs
- Competitive pricing helps to improve accessibility of online learning
- Lenovo provides end-to-end support from procurement to management of devices

Learn how to lower IT costs

## Lenovo Digital Workplace Solutions for Education

Improve user experiences for teachers, learners and staff with trusted services, software and hardware that help accelerate digital transformation:

- Create AI-powered digital workplace that enhances productivity and collaboration
- Equip more users for less upfront cost with Lenovo TruScale Device as a Service
- Free up IT staff to focus on strategic impact and leave day-to-day tasks to Lenovo experts

Transform your workplace today

## Unlock limitless learning with CSP M365 Education

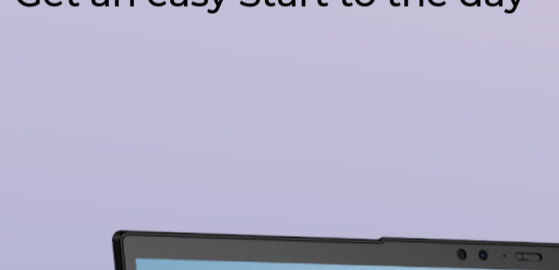

Take control of your hybrid classroom even more effectively with CSP M365 Education and our ready-to-use solution kits optimized for Microsoft Teams Rooms collaboration tools, comprising:

- Reliable devices such as Lenovo ThinkPad X1 Carbon running on Intel® Core™ Ultra processors and Windows 11 Pro
- Lenovo ThinkSmart collaboration solutions to increase meaningful engagement in the digital classroom
